# I learn code by learning through failure.

This site is a living workspace.

Ideas start as experiments and evolve into usable systems.

Some succeed. Some fail.

Every build leaves me better than before.

# ABOUT ME

Exploring the digital frontier through code, creativity, and constant learning.

lokesh.bio

```
$ cat about.txt
```

I am a web developer with 2+ years of experience in HTML, CSS and JavaScript and growing experience in React, Node.js, Express and MongoDB. I have strong fundamentals in programming and problem-solving, actively build real-world projects, maintain open-source repositories, and continuously improve my engineering skills through hands-on development. █
